## FOR BURIAL IN IOWA

RASCO'S BODY TAKEN ON WABASH WEDNESDAY MORNING.

## SHORT SERVICE HELD HERE

Body Was Accompanied by His Two Brothers, Lee and Harry, and Three Other Relatives.

The remains of Hez Rasco, who was hanged Tuesday morning, were taken Wednesday morning on the Wabash to Sidney, Ia., where a short burial service was held this afternoon and the body laid to rest beside that of his mother in the cemetery at that town. This was at Rasco's request.

In the party that went to Sidney Wednesday with the remains were Lee and Harry Rasco, brothers of the deceased man; J. K. Pierson and Mrs. Dollie Jackson, an uncle and aunt of Rasco's, and Mrs. Jessie Spurlock, a cousin, all of whom resided at Sidney. Edgar Lanning of near Barnard, a friend of Harry Rasco, accompanied the party.

Short funeral services were held Tuesday afternoon at the undertaking rooms of Price & McNeal, conducted by Rev. C. J. Miller. Outside of the relatives present, Ellis G. Cook and J. H. Saylor attended the services.

Many sheriffs of nearby counties were present at the execution. They were: A. R. Pitzer of Atchison county, Al McNulty of Holt county; W. R. Hurst of Andrew county, Geo. Ohler of Worth county, W. L. Carmack of Gentry county, Mark White of Livingston county. Sheriff Otto Theisen of St. Joseph was here Monday, but did not stay for the execution.

### A Letter to Sheriff Theisen.

Hez Rasco late Monday night wrote a letter to Sheriff Otto Theisen of Buchanan county. Sheriff Theisen received the letter Tuesday morning. Hez was in the Buchanan county jail for several months, and always admired Sheriff Theisen. The letter is as follows:

Maryville, Mo., March 26—Mr. Otto Theisen, St. Joseph, Mo.: Kind Friend—As you wish to be the recipient of a few lines from myself, and as the time is readily advancing, and as the hours go flitting away, seeming to me as only minutes, it is with pleasure that I am endeavoring to fill your request. While again it is agony to me, knowing perhaps it is no doubt the last letter I shall have the privilege of writing ever, I bid adieu to this world, and all it holds that is dear to me, you do not know, you cannot imagine, the feeling and sensation that possesses one so situated as I am. But happy in the knowledge that I am not the fiend, the devil incarnate, as some people would picture me to be, I rest assured of a home in heaven, where I hope to some day meet yourself and all those that are dear to me. Kind friend, it is hard to contemplate leaving this terrestrial sphere in an unnatural manner, but you know—"Not out will but God's will be done." All of us have a certain burden to carry in the world, but it seems strange that some are burdened heavier than others. Perhaps after I have been sent

to my doom, after I have been precipitated through a gallows door into eternity, some people will feel happy; but ah, wait until that final judgment when those who so maliciously and ignominiously swore my life away, shall face their Maker. As each one of them enters into those pearly gates, an angel will be standing there, and direct them to look upon a picture that illuminates with fiery gold, and as they gaze upon the picture, these words will form into their view: "Hez Rasco, Not Guilty." Kind friend, the time is not far distant; ere the sun kisses the western horizon on the morrow I will be in Paradise. There, we know, is no iniquity. Tonight as I kneel in prayer, my supplications shall go forth for you. Now, kind friend, I am concluding. Best wishes and regards for Mr. Henley, Connors and all the boys. May yourself and they continue in happiness and prosperity. God bless you, and "farewell, kind friend, farewell." Yours sincerely, HEZ RASCO.

## WATERS ARE RISING

NO DAMAGE IS REPORTED AT ANY PLACE.

## HIGHEST AT SKIDMORE

Current is So Swift Over the Skidmore Bridge There is No Travel.

Reports from Quitman Wednesday afternoon say that the Nodaway river, which has been running over its banks, is going down at that place, and that no damage has been done.

At Skidmore, it is said, the river is higher than it has ever been, and the current is so swift over the bridge that no one can cross it.

At Burlington Junction the river is very high and there has not been any travel over the bridges in that community on account of the high water.

The 102 river at Maryville is high, but is not running out of its banks. At several places on this river the water is over bank full, and is flooding the lowlands. Travel is suspended over several bridges of this river. At Barnard the river is so high that boats are being used to cross over near the bridge.

The Platte river on the east side of the county is also very high.

There has been no damage reported from the high water in Nodaway county.

Mrs. Daisy Ewing of Hopkins came to Maryville Tuesday evening to visit the families of her brother and sister, Frank Ewing and Mrs. R. E. Snodgrass.

### BLUES AGAIN VICTORS.

Won Over High Flyers by a Score of 20 to 10 Tuesday Afternoon.

The start of the game was far from a hopeful outlook for the Blues. The High Flyers, in their determination to repair their shattered fortunes, played an excellent game for the first few minutes of play, and in a rush of speed obtained the first three field goals. The sport was of short duration, however, and soon the Blues began to get together and slowly raise their end of the score, and when the whistle blew for time at the end of the first half the board showed an 8-16 score in their favor. The game was easily theirs in the second half, as soon as they got their team work to going in good shape, but that did not mean that it was uneventful by any means. The High Flyers played just as hard and tried just as earnestly to win as when their hopes were brighter. This game still leaves the interest centered in the coming contest between the Blues and Tigers, who each retain their original standing.

The line-up of the game.

The High Flyers—Sawyers, Crail, Elliott, Pickens, Roberts.

The Blues—Taylor, Condon, Willson, Miller, Robinson.

Summary—Field goals, Sawyers 4, Taylor 4, Condon 3, Willson 5, Robinson. Free throws, Sawyers 2, Taylor, Robinson. The final score, 28 to 10.

## CITY CAMPAIGN ON

TWO TICKETS FOR SPRING ELECTION FOR MUNICIPAL OFFICES.

## A MASS MEETING CALLED

E. C. Curfman Refused to Sign Call, as He Thought He was Not Chairman of Non-Partisan League.

With two tickets in the field, there promises to be some excitement in the city election next Tuesday. It had looked for several weeks past as if Mayor Arthur Robey would have no opposition whatever, and it has been only during the past week that several have decided to put another ticket in the field.

Mayor Robey would like to have a mass meeting of the citizens held to select a ticket. E. C. Curfman, who is supposed to be chairman of the Non-Partisan League, said Wednesday that he would not sign a call for a mass meeting of this kind, as he thought he was not chairman.

Leaders of the opposition ticket to Robey say that they are not in favor of a mass meeting, and that they are going to have their ticket in the field anyway. They say they are determined to win in the election.

A call was issued Wednesday afternoon for a mass meeting on Thursday evening at the court house. The call was not signed by any of the officers of the Non-Partisan League. It says the purpose of the meeting is to nominate a non-partisan ticket for all the offices to be voted on at the coming city election.

Mayor Robey denies that he has a ticket in the field. He says that he desires to be on the non-partisan ticket.

The People's ticket was signed by over 100 voters, requesting that the candidates should run.

Other candidates outside of those on the People's ticket are: Arthur S. Robey for mayor, E. C. Moberly and Charles Ross for city marshal, Frank Ewing alderman from the First ward; Jim Andy Ford alderman from the Third ward, and J. E. McIntyre and William Moyer from the Fourth ward. There is no candidate in the Second ward against F. C. Conrad, who is running for alderman from that ward on the People's ticket.

#### THE EXTREME PENALTY.

The administration of the extreme penalty of the law always excites a community, and the smaller the community the easier it is to upset its equilibrium. This is unavoidable under the present practice, even though the execution is not in public. Still the private execution is a long step toward civilization from the old mode of dragging the victim through the streets in an open vehicle seated on his coffin.

While Maryville and its entire neighborhood has been disturbed by the hanging of Hez Rasco, there is no such barbaric display of morbid curiosity as there was when the Talbotts were executed in a public pasture in the presence of a great multitude, thirty years ago. The last public execution in this neighborhood was that of young Bateman at Savannah in 1884, also in the presence of thousands of people.

But even executions in county jails ought to be abolished. They should take place in the penitentiary, as they do in New York. Then there would not be any nervousness in the community; the law would be carried out and the deterring effect—if there is any at all—would be just as great as it is now.

What helps to distract the community, not only at the time but afterward, is the protestation of innocence, up to the last, as in the case of Hez Rasco. Yet Rasco was properly tried and had his day in the supreme court. The lower court was sustained above and the governor felt convinced that the man was guilty. In judging these cases, a consideration must be given to both sides of the defendant's character. Rasco's record was stained with blood and larceny before the atrocious murder of the Hubbell family, for which he was executed Tuesday morning.—St. Joseph News-Press.

A symposium was conducted by Mrs. Anderson Craig on five miscellaneous questions. An appropriate song was given by Mrs. Thomas entitled "No More Dams I'll Make for Fish," by the Shakespearean song writer, John Christopher Smith. Mrs. Carrie Wilson has put in a stock of millinery in Guilford this spring.

We see Mr. Williams has announced himself again as a candidate for county treasurer. What is the matter with the Washington township man, G. B. Rimel. We believe he was third in the county at the last primary, and as one of the men has moved out of the county it leaves Mr. Rimel second. One term is enough, is it not.

## EXPLOSION IN MINE KILLS 82

Only Eleven Men Escaped Alive in West Virginia.

HAD BEEN INSPECTED FRIDAY

Government Rescue Cars Arrived on Scene Too Late to be of Service—Powder Injures Eight in Another Shaft.

Bluefield, W. V., Mar. 27.—Eighty-two men were killed by a gas explosion in the Jed Coal and Coke company's mine at Jed, W. Va., about six miles from here. Only 11 men escaped alive. One of these died within an hour after being brought to the surface.

Late at night 33 bodies had been located and the rescuers hoped to have them out shortly.

When the explosion took place only the 11 men working at the foot of the shaft had a chance for their lives. They rushed up the cages, which were not damaged. Though some of the blades of the fans were shattered they continued to operate, with the fortunate result that enough air was present to admit searching parties immediately.

#### Reserves Arrived Too Late.

Less than half an hour after the news of the explosion had been communicated to this place rescue parties set out. Oxygen helmets and other appliances were rushed from the plant of the United States Coal and Coke company, a steel corporation mine nearby. A government mine rescue car on the way to Huntington, W. Va., was turned back on telegraphic orders from Washington and another car was started from Pittsburgh. The first car reached here shortly after noon. The experts immediately conceded that all in the mine were dead.

State mine inspectors promptly organized rescue parties and began the exploration of levels. As the gases were cleared out, and they began searches of the lower levels, they immediately began to come upon miners, killed almost instantly. Other mines nearby sent experienced foremen to lead hundreds of volunteer rescuers, who flocked to the scene as the news spread about the countryside.

#### The Widows are in Need.

The usual scenes of horror and grief which attend mine disasters were lacking here. No families of the miners crowded about the mouth of the shaft. Women have kept within their homes overcome with grief and distraction.

The mine was inspected last Friday and pronounced safe. Preliminary investigations have not divulged the cause of the explosion. Some local mine men are inclined to regard it as a physical phenomenon. Barometers in this vicinity have been showing unusually low reading for the past week without the usual atmospheric changes.

The family of the dead men find themselves in sore straits. Work has been slack at the mines. Outside aid will be asked.

A powder explosion in the mines of the Thomas Coal company at McComas near here resulted in the injury of eight men. The men were entering the mine carrying cans of powder when a torch set fire to a bag in which they were carried.

#### LAKE STEAMERS CAUGHT IN ICE

Six Miles Out and Trying to Reach Chicago—Wireless Messages Report Passengers Safe.

Chicago, Mar. 27.—Three steamers, which were caught in the ice off Evans-ton were reported six miles out on the lake, battling with the floes in an attempt to reach Chicago.

An unbroken stretch of ice separated the vessels from port, and there seemed no hope of reaching the city before night unless the wind should shift. Fears for the safety of the 150 persons aboard, however, were allayed by wireless messages. All the boats are well provisioned and coal, and those aboard are suffering no hardships.

#### Politics in Hospital Fight.

St. Joseph, Mar. 27.—In a letter to Gov. Hadley, W. C. Pierce of Maryville, member of the board of managers of state hospital No. 2, which the Buchanan county grand jury pronounced a fire trap, charges that there is politics in the report. While admitting that the water pressure at the sanitarium is inadequate, Pierce says the idea that in case of fire 75 per cent of the patients would lose their lives.

#### Gives Money for Roads.

Salina, Kan., Mar. 27.—When the books of the Salina good roads committee were closed for the day \$950 was in the hands of the treasurer, with \$200 more pledged. In the subscription every line of business is represented, even to the farmer. The plan is to improve every road leading out of Salina, a distance of three miles. Only \$1,900 was asked for.

#### Woman Street Cleaner Dead.

Chicago, Mar. 27.—Mrs. A. Emagene Paul, said to be the first woman who ever held the position of street cleaning superintendent, died here of heart disease.

## FINAL EFFORT TO CAPTURE ALLENS

Detectives Confident All But One Will be Taken Within 48 Hours.

COURT REOPENS IN SAME ROOM

Bullet Holes and Blood Stains Remain on Walls and Floors—All New Officials Except Clerk, Who Was Wounded.

Hillsville, Va., Mar. 27.—A squad of sharp shooting detectives will strike a final blow at dawn to capture Sidna Allen, Friel Allen and Wesley Edwards, indicted for the murders in the Carroll county court house.

Detective Thomas L. Felts has just returned here to direct the sortie. Without hope of arresting Claude Swanson Allen who, he believes, has escaped from the mountains, Felts is so confident that the trio of outlaws will be ensnared within the next 48 hours that he invited a correspondent to accompany the posse.

"The outlook is encouraging," he said. "Claude Allen probably is hundreds of miles away by this time, as he had been preparing anyhow to go west within 30 days. As for the others, all indications point to their presence in the mountains. They are near capture and the prospect is hopeful."

While the detectives delved into the thicket the rehabilitated court of Carroll county resumed its sitting in the same room where scores of bullet holes dot the walls and dark blotches of blood stain the floor, mute reminders of the tragedy of March 14.

On the bench was Acting Judge Walter Staples. Beside him were two other new officials, Sheriff George M. Edwards and Prosecuting Attorney Floyd Landreth. Of the old court of officials there remained only Clerk Dexter Goad. A gash in his left cheek showed where it had been torn by a bullet.

Civil proceedings begun by families of the victims endeavoring to recover damages by attachments on the property of the outlaws occupied the attention of the court. Attorneys for the families of the outlaws protested against drastic measures of the law in practically rendering these families destitute.

#### Indictments Faulty.

As the attorneys for the defendants had failed to serve notice on the plaintiffs of their intention the matter will be argued again in Roanoke on Saturday.

The defending attorneys declared that Victor Allen, indicted for murder and in jail with his father, Floyd Allen, at Roanoke, did not participate in the tragedy. One of the prosecuting attorneys went so far as to admit that when the grand jury examines the witnesses in the morning to draw new and more complete indictments, Victor Allen may not be reindicted. None of the witnesses thus far is said to have implicated him, and it is probable that he will be released.

#### Mother Arranges Defense.

The mother of the Edwards boy came to town to arrange, if possible, for the defense of her son Sidna, now in jail at Roanoke.

While pathos everywhere marked the day's events in court, the humorous side bobbed up in the form of a letter which was received by Detective Felts, postmarked New York. It read:

"Dear Mr. Felts:—I will add \$1,000 to the reward offered for the capture of Sidna Allen and band of outlaws. I am making this offer through pure justice. For the capture of Sidna Allen alone I will give \$300, dead or alive. I am not offering this money myself, as many of my friends have helped me to gather it. Wishing you good luck.

(Signed.)

"JUDGE ROSALSKY, \$200.

"MAYOR GAYNOR, \$100.

"ANDREW CARNEGIE, \$200."

#### SCHOOLS PLAN OLYMPIC MEET

The main street of Oak Grove will be converted into an athletic field and the business men will provide a building for an exhibit of school work and vacation products, for which premiums will be given. The day will end with a motion picture show for the school children.

#### Ice Jam Menaces a Town.

Hannibal, Mo., Mar. 27.—The hamlet of Gregory, 20 miles north of here on the Mississippi river, a village of about 300 population, is threatened by a huge ice gorge which is lodged against Buzzard Island, four miles below the town, and extends six miles north. The jam of ice, which fills the entire river at that point, ranges from ten to 50 feet in height.

## SAGE-TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair  
to Natural Color—Dandruff  
Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderful beneficial effect.

Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy.

This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty-cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Special Agent, Koch Pharmacy.

## THREE DEAD IN ILLINOIS RIOT

Trouble Started Over Newspaper Attack on Rock Island's Mayor.

SHERIFF WIRES FOR MILITIA

Bricks Thrown and Windows of Police Station Smashed—Nine Badly Wounded—Further Outbreaks Feared.

Rock Island, Ill., Mar. 27.—Three persons were killed and nine wounded when the police fired into a mob that attacked the police station as a climax to the riotous conditions that have prevailed for the last two days.

Attacks on the mayor and his reports have stirred the people to a frenzy. Many arrests were made earlier in the night and later a mob attacked the police station. Missiles were hurled through the windows by the angry populace and the police fired into the crowd.

Sheriff O. L. Bruner at 11 o'clock telegraphed to Gov. Deneen for militia to quell the disturbance and help the police in maintaining order.

The authorities at 12:15 apparently had the situation well in hand, although new outbreaks were momentarily feared. The local and Moline militia companies were on the ground. The mob gathered following addresses by two sympathizers with John Looney, publisher of the News a weekly paper. The paper printed an attack on Mayor Schriver. Police officers were jeered when they admonished the crowds to disperse and go to their homes peacefully.

Several hundred were in the mob that surrounded police headquarters where two of the leaders of the rioters were detained.

Three are Killed.  
Bricks were thrown and windows of the police station smashed. Then followed several riots from the crowd. It was then that Mayor Schriver, who was directing the police, ordered the officers to charge the mob.

A number of men were seen to fall. The rioters temporarily to withdraw. Physicians were summoned, as were the sheriff's officers. Three men were picked up dead. Nine were so badly wounded they were hurried to a hospital.

After the dead and wounded had been removed, a mob re-organized and one of the leaders directed his howling associates to a hardware store for the purpose of breaking down the doors and obtaining a fresh supply of arms. However, the police authorities surrounded this place. A squad of police were at the hardware store when the mob arrived.

Denounced in Paper.  
Mayor J. M. Schriver recently began a campaign to clean the city of undesirable persons, so he announced, but his enemies declared that he wanted to oust his political enemies. Mutterings of discontent have been growing louder for several days. The other day the editor of a weekly newspaper scathingly denounced Mayor Schriver, and the mayor ordered that the issue of the paper be suppressed.

There has been much political and editorial friction in Rock Island for about 15 years. Occasionally there have been violent outbreaks, and once two editors fought a duel in the streets as a result of a quarrel between rival publications over political and city affairs.

WHY IT SUCCEEDS.

Because it's for One Thing Only, and Maryville People Appreciate This. Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only.

They help sick kidneys. They relieve backache, kidney and bladder trouble.

Here is Maryville evidence to prove it.

T. J. Clayton, carpenter, 308 South Dewey street, Maryville, Mo., says: "It is eight years since I procured Doan's Kidney Pills from Love's drug store (now Love & Gaugh's drug store) and used them for kidney complaint. They gave me great relief and benefit, and they have prevented any serious trouble since. Whenever I feel in need of a kidney medicine I take a few doses of Doan's Kidney Pills and quickly get relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## Important to Lamb Raisers.

By not trimming or docking their lambs, raisers tributary to this market make a mistake. Thus when the lambs are ready to be marketed during July and August they find they have any number of coarse half-fat buck lambs that are thrown out as culls and brought \$1.50 to \$2.50 per hundred weight less than the good lambs. Avoid this by trimming and docking the lamb when 2 to 10 days old. You then will have a better seller, something you can get fat and can hold until the market suits.

You don't have to sacrifice trimmed lambs during July and August. If the market isn't favorable, place them in the corn fields early and fatten for the fall markets. Do not think you have the summer market and sell part of the lambs at \$4.00 to \$4.50 or less at the time when the bulk of the lamb crop is marketed. Do as stated above, trim and dock your lambs and be in a position where you can hold and feed them until a favorable time. Feeders pay \$5.00 or better for western lambs every fall.

I have sold sheep and lambs on the St. Louis market for twenty-two years and have followed these features of the trade closely and realize what the lamb raiser is losing every year by not trimming and docking his lambs. National Live Stock Commission Co.

Miss Winston has been detained at her home in St. Joseph for several weeks on account of the serious illness of her mother, who is now much improved.

## Sues for Divorce.

A divorce suit was filed by Cook, Cummins & Dawson, attorneys, for Pansy Proctor against Harry E. Proctor. The case will come up at the June term of court.

## FOR BURIAL IN IOWA

RASCO'S BODY TAKEN ON WABASH WEDNESDAY MORNING.

## SHORT SERVICE HELD HERE

Body Was Accompanied by His Two Brothers, Lee and Harry, and Three Other Relatives.

The remains of Hez Rasco, who was hanged Tuesday morning, were taken Wednesday morning on the Wabash to Sidney, Ia., where a short burial service was held this afternoon and the body laid to rest beside that of his mother in the cemetery at that town. This was at Rasco's request.

In the party that went to Sidney Wednesday with the remains were Lee and Harry Rasco, brothers of the deceased man; J. K. Pierson and Mrs. Dollie Jackson, an uncle and aunt of Rasco's, and Mrs. Jessie Spurlock, a cousin, all of whom resided at Sidney. Edgar Lanning of near Barnard, a friend of Harry Rasco, accompanied the party.

Short funeral services were held Tuesday afternoon at the undertaking rooms of Price & McNeal, conducted by Rev. C. J. Miller. Outside of the relatives present, Ellis G. Cook and J. H. Saylor attended the services.

Many sheriffs of nearby counties were present at the execution. They were: A. R. Pitzer of Atchison county, Al McNulty of Holt county; W. R. Hurst of Andrew county, Geo. Ohler of Worth county, W. L. Carmack of Gentry county, Mark White of Livingston county. Sheriff Otto Theisen of St. Joseph was here Monday, but did not stay for the execution.

### A Letter to Sheriff Theisen.

Hez Rasco late Monday night wrote a letter to Sheriff Otto Theisen of Buchanan county. Sheriff Theisen received the letter Tuesday morning. Hez was in the Buchanan county jail for several months, and always admired Sheriff Theisen. The letter is as follows:

Maryville, Mo., March 26—Mr. Otto Theisen, St. Joseph, Mo.: Kind Friend—As you wish to be the recipient of a few lines from myself, and as the time is rapidly advancing, and as the hours go flitting away, seeming to me as only minutes, it is with pleasure that I am endeavoring to fill your request. While again it is agony to me, knowing perhaps it is no doubt the last letter I shall have the privilege of writing ever, I bid adieu to this world, and all it holds that is dear to me, you do not know, you cannot imagine, the feeling and sensation that possesses one so situated as I am. But happy in the knowledge that I am not the fiend, the devil incarnate, as some people would picture me to be, I rest assured of a home in heaven, where I hope to some day meet yourself and all those that are dear to me. Kind friend, it is hard to contemplate leaving this terrestrial sphere in an unnatural manner, but you know—"Not out will but God's will be done." All of us have a certain burden to carry in the world, but it seems strange that some are burdened heavier than others. Perhaps after I have been sent

to my doom, after I have been precipitated through a gallows door into eternity, some people will feel happy; but ah, wait until that final judgment when those who so maliciously and ignominiously swore my life away, shall face their Maker. As each one of them enters into those pearly gates, an angel will be standing there, and direct them to look upon a picture that illuminates with fiery gold, and as they gaze upon the picture, these words will form into their view: "Hez Rasco, Not Guilty." Kind friend, the time is not far distant; ere the sun kisses the western horizon on the morrow I will be in Paradise. There, we know, is no iniquity. Tonight as I kneel in prayer, my supplications shall go forth for you. Now, kind friend, I am concluding. Best wishes and regards for Mr. Henley, Connors and all the boys. May yourself and they continue in happiness and prosperity. God bless you, and "farewell, kind friend, farewell." Yours sincerely, HEZ RASCO.

## WATERS ARE RISING

NO DAMAGE IS REPORTED AT ANY PLACE.

## HIGHEST AT SKIDMORE

Current is So Swift Over the Skidmore Bridge There is No Travel.

Reports from Quitman Wednesday afternoon say that the Nodaway river, which has been running over its banks, is going down at that place, and that no damage has been done.

At Skidmore, it is said, the river is higher than it has ever been, and the current is so swift over the bridge that no one can cross it.

At Burlington Junction the river is very high and there has not been any travel over the bridges in that community on account of the high water.

The 102 river at Maryville is high, but is not running out of its banks. At several places on this river the water is over bank full, and is flooding the lowlands. Travel is suspended over several bridges of this river. At Barnard the river is so high that boats are being used to cross over near the bridge.

The Platte river on the east side of the county is also very high.

There has been no damage reported from the high water in Nodaway county.

Mrs. Daisy Ewing of Hopkins came to Maryville Tuesday evening to visit the families of her brother and sister, Frank Ewing and Mrs. R. E. Snodgrass.

### BLUES AGAIN VICTORS.

Won Over High Flyers by a Score of 28 to 10 Tuesday Afternoon.

The start of the game was far from a hopeful outlook for the Blues. The High Flyers, in their determination to repair their shattered fortunes, played an excellent game for the first few minutes of play, and in a rush of speed obtained the first three field goals. The spurt was of short duration, however, and soon the Blues began to get together and slowly raise their end of the score, and when the whistle blew for time at the end of the first half the board showed an 8-16 score in their favor. The game was easily theirs in the second half, as soon as they got their team work to going in good shape, but that did not mean that it was uneventful by any means. The High Flyers played just as hard and tried just as earnestly to win as when their hopes were brighter. This game still leaves the interest centered in the coming contest between the Blues and Tigers, who each retain their original standing.

The line-up of the game. The High Flyers—Sawyers, Crall, Elliott, Pickens, Roberts.

The Blues—Taylor, Condon, Wilson, Miller, Robinson.

Summary—Field goals, Sawyers 4, Taylor 4, Condon 3, Wilson 5, Robinson. Free throws, Sawyers 2, Taylor, Robinson. The final score, 28 to 10.

After the ciphering match other stunts will be given, and there will be a pie supper. The pies will be auctioned off to the highest bidder. The public is cordially invited to attend this social, and the ladies are requested to bring a pie.

## CITY CAMPAIGN ON

TWO TICKETS FOR SPRING ELECTION FOR MUNICIPAL OFFICES.

## A MASS MEETING CALLED

E. C. Curfman Refused to Sign Call, as He Thought He was Not Chairman of Non-Partisan League.

With two tickets in the field, there promises to be some excitement in the city election next Tuesday. It had looked for several weeks past as if Mayor Arthur Robey would have no opposition whatever, and it has been only during the past week that several have decided to put another ticket in the field.

Mayor Robey would like to have a mass meeting of the citizens held to select a ticket. E. C. Curfman, who is supposed to be chairman of the Non-Partisan League, said Wednesday that he would not sign a call for a mass meeting of this kind, as he thought he was not chairman.

Leaders of the opposition ticket to Robey say that they are not in favor of a mass meeting, and that they are going to have their ticket in the field anyway. They say they are determined to win in the election.

A call was issued Wednesday afternoon for a mass meeting on Thursday evening at the court house. The call was not signed by any of the officers of the Non-Partisan League. It says the purpose of the meeting is to nominate a non-partisan ticket for all the offices to be voted on at the coming city election.

Mayor Robey denies that he has a ticket in the field. He says that he desires to be on the non-partisan ticket.

The People's ticket was signed by over 100 voters, requesting that the candidates should run.

Other candidates outside of those on the People's ticket are: Arthur S. Robey for mayor, E. C. Moberly and Charles Ross for city marshal, Frank Ewing alderman from the First ward; Jim Andy Ford alderman from the Third ward, and J. E. McIntyre and William Moyer from the Fourth ward.

There is no candidate in the Second ward against F. C. Conrad, who is running for alderman from that ward on the People's ticket.

#### THE EXTREME PENALTY.

The administration of the extreme penalty of the law always excites a community, and the smaller the community the easier it is to upset its equilibrium. This is unavoidable under the present practice, even though the execution is not in public. Still the private execution is a long step toward civilization from the old mode of dragging the victim through the streets in an open vehicle seated on his coffin.

While Maryville and its entire neighborhood has been disturbed by the hanging of Hez Rasco, there is no such barbaric display of morbid curiosity as there was when the Talbotts were executed in a public pasture in the presence of a great multitude, thirty years ago. The last public execution in this neighborhood was that of young Bateman at Savannah in 1884, also in the presence of thousands of people.

But even executions in county jails ought to be abolished. They should take place in the penitentiary, as they do in New York. Then there would not be any nervousness in the community; the law would be carried out and the deterring effect—if there is any at all—would be just as great as it is now.

What helps to distract the community, not only at the time but afterward, is the protestation of innocence, up to the last, as in the case of Hez Rasco. Yet Rasco was properly tried and had his day in the supreme court. The lower court was sustained above and the governor felt convinced that the man was guilty. In judging these cases, a consideration must be given to both sides of the defendant's character. Rasco's record was stained with blood and larceny before the atrocious murder of the Hubbell family, for which he was executed Tuesday morning.—St. Joseph News-Press.

Miss Donna Sisson, who was to give a general outline of the lesson, was not present, but sent her notes, which were given by Mrs. Ferdinand Townsend. Mrs. Thomas then outlined the study. A symposium was conducted by Mrs. Anderson Craig on five miscellaneous questions. An appropriate song was given by Mrs. Thomas entitled "No More Dams I'll Make for Fish," by the Shakespearean song writer, John Christopher Smith. Current events, prepared by Mrs. Horace Leet, who was unable to be present, were presented by Mrs. E. G. Orear, who then gave a parliamentary drill. The hostess served refreshments. The next meeting of the Shakespeareans will be held at the home of Mrs. Anderson Craig.

Monday seemed somewhat like spring is nearing. The snow banks are disappearing fast.

Ollie Breit, John Hubble and son Bert, Andy Baer and Jim Lett were in Maryville Tuesday.

Mrs. Ollie Breit visited her mother, Mrs. John Hubble, Monday and Tuesday.

E. Halfhill, wife and son Orville, and granddaughter, Elsie Kent, and Firman Kent visited Sunday at W. B. Torrance's.

There is some talk of consolidating the Skidmore district school and the Guilford schools. It is just talk yet.

This weather is good for bad colds, as a good many are realizing now.

N. N. Byergo is building a room on the north side of their house in Guilford. R. M. Jeffries, the new Guilford carpenter, is doing the work.

Mrs. William Gerald has been afflicted for the past week with inflammatory rheumatism. She is improving at present.

Most everybody among the farming class are wishing for spring weather and grass to come, as they are nearly out of feed.

Mrs. Carrie Wilson has put in a stock of millinery in Guilford this spring.

We see Mr. Williams has announced himself again as a candidate for county treasurer. What is the matter with the Washington township man, G. B. Rimel. We believe he was third in the county at the last primary, and as one of the men has moved out of the county it leaves Mr. Rimel second. One term is enough, is it not.

#### Tells Women How to Have Charming Hair.

Rough, coarse hair is unnecessary; so is faded, dull looking hair.

Dandruff and scalp itch are both caused by an accumulation of scurfy filth and can easily be gotten rid of.

Dandruff germs cause falling hair and diseases of the hair and scalp, and should be destroyed.

If you have any of the hair troubles mentioned above the Koch Pharmacy will guarantee Parisian Sage to end every one of them or will refund your money.

Parisian Sage is a delightful hair dressing that is being used today by many thousands of lovely Americans who detect uncleanness. Large bottle 50 cents.

## EXPLOSION IN MINE KILLS 82

Only Eleven Men Escaped Alive in West Virginia.

HAD BEEN INSPECTED FRIDAY

Government Rescue Cars Arrived on Scene Too Late to be of Service—Powder Injures Eight in Another Shaft.

Bluefield, W. V., Mar. 27.—Eighty-two men were killed by a gas explosion in the Jed Coal and Coke company's mine at Jed, W. Va., about six miles from here. Only 11 men escaped alive. One of these died within an hour after being brought to the surface.

Late at night 33 bodies had been located and the rescuers hoped to have them out shortly.

When the explosion took place only the 11 men working at the foot of the shaft had a chance for their lives. They rushed up the cages, which were not damaged. Though some of the blades of the fans were shattered they continued to operate, with the fortunate result that enough air was present to admit searching parties immediately.

#### Reserves Arrived Too Late.

Less than half an hour after the news of the explosion had been communicated to this place rescue parties set out. Oxygen helmets and other appliances were rushed from the plant of the United States Coal and Coke company, a steel corporation mine nearby. A government mine rescue car on the way to Huntington, W. Va., was turned back on telegraphic orders from Washington and another car was started from Pittsburgh. The first car reached here shortly after noon. The experts immediately conceded that all in the mine were dead.

State mine inspectors promptly organized rescue parties and began the exploration of levels. As the gases were cleared out, and they began searches of the lower levels, they immediately began to come upon miners, killed almost instantly. Other mines nearby sent experienced foremen to lead hundreds of volunteer rescuers, who flocked to the scene as the news spread about the countryside.

#### The Widows are in Need.

The usual scenes of horror and grief which attend mine disasters were lacking here. No families of the miners crowded about the mouth of the shaft. Women have kept within their homes overcome with grief and distraction.

The mine was inspected last Friday and pronounced safe. Preliminary investigations have not divulged the cause of the explosion. Some local mine men are inclined to regard it as a physical phenomenon. Barometers in this vicinity have been showing unusually low reading for the past week without the usual atmospheric changes.

The family of the dead men find themselves in sore straits. Work has been slack at the mines. Outside aid will be asked.

A powder explosion in the mines of the Thomas Coal company at McComas near here resulted in the injury of eight men. The men were entering the mine carrying cans of powder when a torch set fire to a bag in which they were carried.

#### LAKE STEAMERS CAUGHT IN ICE

Six Miles Out and Trying to Reach Chicago—Wireless Messages Report Passengers Safe.

Chicago, Mar. 27.—Three steamers, which were caught in the ice off Evanston were reported six miles out on the lake, battling with the floes in an attempt to reach Chicago.

An unbroken stretch of ice separated the vessels from port, and there seemed no hope of reaching the city before night unless the wind should shift. Fears for the safety of the 150 persons aboard, however, were allayed by wireless messages. All the boats were well provisioned and coal, and those aboard are suffering no hardships.

#### Politics in Hospital Fight.

St. Joseph, Mar. 27.—In a letter to Gov. Hadley, W. C. Pierce of Maryville, member of the board of managers of state hospital No. 2, which the Buchanan county grand jury pronounced a fire trap, charges that there is politics in the report. While admitting that the water pressure at the sanitarium is inadequate, Pierce says the idea that in case of fire 75 per cent of the patients would lose their lives.

#### Gives Money for Roads.

Salina, Kan., Mar. 27.—When the books of the Salina good roads committee were closed for the day \$950 was in the hands of the treasurer, with \$290 more pledged. In the subscription every line of business is represented, even to the farmer. The plan is to improve every road leading out of Salina, a distance of three miles. Only \$1,000 was asked for.

#### Woman Street Cleaner Dead.

Chicago, Mar. 27.—Mrs. A. Emagene Paul, said to be the first woman who ever held the position of street cleaning superintendent, died here of heart disease.

## FINAL EFFORT TO CAPTURE ALLENS

Detectives Confident All But One Will be Taken Within 48 Hours.

COURT REOPENS IN SAME ROOM

Bullet Holes and Blood Stains Remain on Walls and Floors—All New Officials Except Clerk, Who Was Wounded.

Hillsville, Va., Mar. 27.—A squad of sharp shooting detectives will strike a final blow at dawn to capture Sidna Allen, Friel Allen and Wesley Edwards, indicted for the murders in the Carroll county court house.

Detective Thomas L. Felts has just returned here to direct the sortie. Without hope of arresting Claude Swanson Allen who, he believes, has escaped from the mountains, Felts is so confident that the trio of outlaws will be ensnared within the next 48 hours that he invited a correspondent to accompany the posse.

"The outlook is encouraging," he said. "Claude Allen probably is hundreds of miles away by this time, as he had been preparing anyhow to go west within 30 days. As for the others, all indications point to their presence in the mountains. They are near capture and the prospect is hopeful."

While the detectives delved into the thicket the rehabilitated court of Carroll county resumed its sitting in the same room where scores of bullet holes dot the walls and dark blotches of blood stain the floor, mute reminders of the tragedy of March 14.

On the bench was Acting Judge Walter Staples. Beside him were two other new officials, Sheriff George M. Edwards and Prosecuting Attorney Floyd Landreth. Of the old court of officials there remained only Clerk Dexter Goad. A gash in his left cheek showed where it had been torn by a bullet.

Civil proceedings begun by families of the victims endeavoring to recover damages by attachments on the property of the outlaws occupied the attention of the court. Attorneys for the families of the outlaws protested against drastic measures of the law in practically rendering these families destitute.

#### Indictments Faulty.

As the attorneys for the defendants had failed to serve notice on the plaintiffs of their intention the matter will be argued again in Roanoke on Saturday.

The defending attorneys declared that Victor Allen, indicted for murder and in jail with his father, Floyd Allen, at Roanoke, did not participate in the tragedy. One of the prosecuting attorneys went so far as to admit that when the grand jury examines the witnesses in the morning to draw new and more complete indictments, Victor Allen may not be reindicted. None of the witnesses thus far is said to have implicated him, and it is probable that he will be released.

#### Mother Arranges Defense.

The mother of the Edwards boy came to town to arrange, if possible, for the defense of her son Sidna, now in jail at Roanoke.

While pathos everywhere marked the day's events in court, the humorous side bobbed up in the form of a letter which was received by Detective Felts, postmarked New York. It read:

"Dear Mr. Felts:—I will add \$1,000 to the reward offered for the capture of Sidna Allen and band of outlaws. I am making this offer through pure justice. For the capture of Sidna Allen alone I will give \$300, dead or alive. I am not offering this money myself, as many of my friends have helped me to gather it. Wishing you good luck.

(Signed.)  
"JUDGE ROSALSKY, \$200.  
"MAYOR GAYNOR, \$100.  
"ANDREW CARNEGIE, \$200."

#### SCHOOLS PLAN OLYMPIC MEET

Main Street of Oak Grove, Mo., Will be Converted Into Athletic Field for Children.

The main street of Oak Grove will be converted into an athletic field and the business men will provide a building for an exhibit of school work and vacation products, for which premiums will be given. The day will end with a motion picture show for the school children.

#### Ice Jam Menaces a Town.

Hannibal, Mo., Mar. 27.—The hamlet of Gregory, 20 miles north of here on the Mississippi river, a village of about 300 population, is threatened by a huge ice gorge which is lodged against Buzzard Island, four miles below the town, and extends six miles north. The jam of ice, which fills the entire river at that point, ranges from ten to 50 feet in height.

## THREE DEAD IN ILLINOIS RIOT

Trouble Started Over Newspaper Attack on Rock Island's Mayor.

SHERIFF WIRES FOR MILITIA

Bricks Thrown and Windows of Police Station Smashed—Nine Badly Wounded—Further Outbreaks Feared.

Rock Island, Ill., Mar. 27.—Three persons were killed and nine wounded when the police fired into a mob that attacked the police station as a climax to the riotous conditions that have prevailed for the last two days.

Attacks on the mayor and his reports have stirred the people to a frenzy. Many arrests were made earlier in the night and later a mob attacked the police station. Missiles were hurled through the windows by the angry populace and the police fired into the crowd.

Sheriff O. L. Bruner at 11 o'clock telegraphed to Gov. Deneen for militia to quell the disturbance and help the police in maintaining order.

The authorities at 12:15 apparently had the situation well in hand, although new outbreaks were momentarily feared. The local and Moline militia companies were on the ground. The mob gathered following addresses by two sympathizers with John Looney, publisher of the News a weekly paper. The paper printed an attack on Mayor Schriver. Police officers were jeered when they admonished the crowds to disperse and go to their homes peacefully.

Several hundred were in the mob that surrounded police headquarters where two of the leaders of the rioters were detained.

Three are Killed.  
Bricks were thrown and windows of the police station smashed. Then followed several riots from the crowd. It was then that Mayor Schriver, who was directing the police, ordered the officers to charge the mob.

A number of men were seen to fall, caused the rioters temporarily to withdraw. Physicians were summoned, as were the sheriff's officers. Three men were picked up dead. Nine were so badly wounded they were hurried to a hospital.

After the dead and wounded had been removed, a mob re-organized and one of the leaders directed his howling associates to a hardware store for the purpose of breaking down the doors and obtaining a fresh supply of arms. However, the police authorities surrounded this place. A squad of police were at the hardware store when the mob arrived.

Denounced in Paper.  
Mayor J. M. Schriver recently began a campaign to clean the city of undesirable persons, so he announced, but his enemies declared that he wanted to oust his political enemies. Mutterings of discontent have been growing louder for several days. The other day the editor of a weekly newspaper scathingly denounced Mayor Schriver, and the mayor ordered that the issue of the paper be suppressed.

There has been much political and editorial friction in Rock Island for about 15 years. Occasionally there have been violent outbreaks, and once two editors fought a duel in the streets as a result of a quarrel between rival publications over political and city affairs.

### WHY IT SUCCEEDS.

Because It's for One Thing Only, and Maryville People Appreciate This. Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They help sick kidneys. They relieve backache, kidney and bladder trouble. Here is Maryville evidence to prove it.

T. J. Clayton, carpenter, 308 South Dewey street, Maryville, Mo., says: "It is eight years since I procured Doan's Kidney Pills from Love's drug store (now Love & Gaugh's drug store) and used them for kidney complaint. They gave me great relief and benefit, and they have prevented any serious trouble since. Whenever I feel in need of a kidney medicine I take a few doses of Doan's Kidney Pills and quickly get relief."

### Important to Lamb Raisers.

By not trimming or docking their lambs, raisers tributary to this market make a mistake. Thus when the lambs are ready to be marketed during July and August they find they have any number of coarse half-fat buck lambs that are thrown out as culls and brought \$1.50 to \$2.50 per hundred weight less than the good lambs. Avoid this by trimming and docking the lamb when 2 to 10 days old. You then will have a better seller, something you can get fat and can hold until the market suits.

You don't have to sacrifice trimmed lambs during July and August. If the market isn't favorable, place them in the corn fields early and fatten for the fall markets. Do not think you have the summer market and sell part of the lambs at \$4.00 to \$4.50 or less at the time when the bulk of the lamb crop is marketed. Do as stated above, trim and dock your lambs and be in a position where you can hold and feed them until a favorable time. Feeders pay \$5.00 or better for western lambs every fall.

I have sold sheep and lambs on the St. Louis market for twenty-two years and have followed these features of the trade closely and realize what the lamb raiser is losing every year by not trimming and docking his lambs. National Live Stock Commission Co.

### Will Build New Residence.

Miss Winston has been detained at her home in St. Joseph for several weeks on account of the serious illness of her mother, who is now much improved.

Mrs. Whitechurch and the children have been away for several days visiting her mother in Savannah until the death of Mr. Litts, who was her grandfather, called them to Barnard.

### Sues for Divorce.

A divorce suit was filed by Cook, Cummins & Dawson, attorneys, for Pansy Proctor against Harry E. Proctor. The petition alleges that they were married in May, 1910, and that in June, 1911, her husband deserted her without reason and cause and refused to provide for her and her baby. The case will come up at the June term of court.

### Putting in New Front.

## SAGE-TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy.

This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Special Agent, Koch Pharmacy.
